- 2) Also please note that everyone's home oven temperature might vary slightly
- 3) These steps are for someone who wants to eat at 3 pm...you should adjust accordingly if your desired dinner time is different....below is a re-cap...

Turkey: Preheat your oven to 350° for 20 minutes & remove your turkey from the refrigerator. Put 1.5 cups of water in roasting pan and cover with foil. When your oven is *hot* put your bird in and roast for 1 hour. Remove foil and return to oven for another 15-20 minutes. Bring to internal temperature of at least 145°. Remove from the oven, put on your platter and cover loosely with foil. Save any pan drippings and add to your gravy!

Gravy: Place gravy into saucepan along with any pan drippings and scrapings. Place over medium heat and bring to a slow boil. Keep on low until ready to serve. Season with salt and pepper if desired.

Potatoes, Stuffing & Squash: Keep covered & bake at 350° for 30-35 minutes, till hot. Mashed take a little longer (55 min). You can also microwave (in proper container) on high for 5 minutes, turn them and cook another 5-7 minutes longer until hot.

Rolls: Place rolls on a cookie sheet and bake at 350° for 6-8 minutes till golden brown

For Value Meal Dinner:
